## REMARKS

The figures of births and deaths of India shown in this statement for week ending the 23rd March, 1957, relate to 187 towns with an estimated population of 26,284 thousands. Information about Andhra Pradesh, Assam Madhya Pradesh, Pondicherry, Rajasthan and West Bengal could not be included. The total number of towns is 318 and their population is 41,584 thousands. Thus 59% of the total number of towns representing 63% of the total population

is covered in this statement. The number of births and deaths recorded in these towns were 16,100 and 6,248 representing birth and death rates of 31.9 and 12.4 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population. The following table gives the position by States.

States	Current w/e 23-3-1957		Corresponding w/e last year
